ARE YOU A FEMINIST? A Male Perspective

Description: ARE YOU A FEMINIST? A MALE PERSPECTIVE
THURSDAY, MARCH 29TH
5:30 PM PROGRAM
FPWA: 281 PARK AVENUE SOUTH AT 22ND STREET
Co-Sponsored by the Transition Network

NO CHARGE WCC MEMBERS & STUDENTS WITH ID; \$10

WCC's third "ARE YOU A FEMINIST?" program brings together a panel of men to discuss their views of feminism and the impact, if any, that the women's movement has had on their lives and expectations, including:

- Masculinity, personal and professional relationships
- Power dynamics and leadership roles
- Family and parental involvement
- Equity and equality
- Media stereotypes
- Workplace policies
- Domestic violence, rape, sexual harassment

Our panel will examine how society's changing responses to these issues has affected a man's definition of himself, and whether a reconstruction of gender roles, over the past thirty years, has occurred because of or despite the women's movement. Other questions posed to this panel are: How are men balancing career and family? Are they now facing the same pressures as women? Can a man be a feminist?
